

# Custom colors

## Colors

Generally speaking the Pre-cast products are "snow white". However, pigments and dyes are used to generate different colors which customers may need or desire.

## Textures

Several different types of surfaces are available.

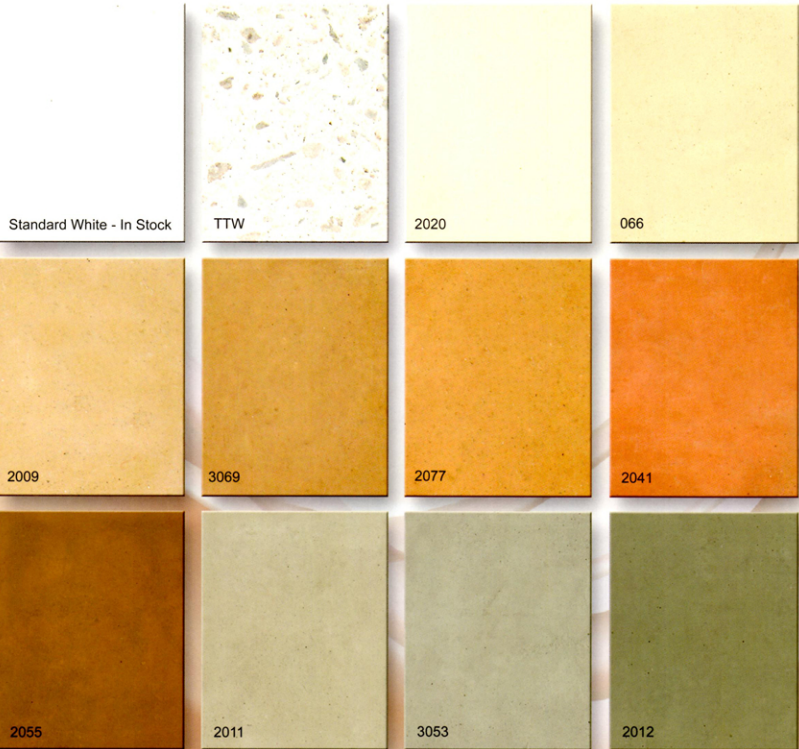

Generally the Pre-cast product takes on the surface in which it is poured. Our products are usually smooth or with a row of diamonds. When a customer requires a texture, several methods may be necessary or desired.

## COPING PROFILES

| Series | A   | B                                | C                               | D                               | E*  | Surface style  |
|--------|-----|----------------------------------|---------------------------------|---------------------------------|-----|----------------|
| DD     | 18" | 17"                              | 3"                              | 1 <sup>3</sup> / <sub>8</sub> " | 24" | Double Diamond |
| AR     | 16" | 15 <sup>1</sup> / <sub>2</sub> " | 3"                              | 2"                              | 24" | Plain          |
| DR     | 15" | 14"                              | 3"                              | 1 <sup>3</sup> / <sub>8</sub> " | 24" | Single Diamond |
| AGE    | 13" | 12"                              | 2 <sup>3</sup> / <sub>4</sub> " | 1 <sup>3</sup> / <sub>8</sub> " | 24" | Plain          |
| AQ     | 12" | 11"                              | 2 <sup>3</sup> / <sub>4</sub> " | 1 <sup>3</sup> / <sub>8</sub> " | 24" | Plain          |
| DO     | 12" | 11"                              | 2 <sup>3</sup> / <sub>4</sub> " | 1 <sup>3</sup> / <sub>8</sub> " | 24" | Single Diamond |
| GO     | 12" | 11"                              | 2 <sup>3</sup> / <sub>4</sub> " | 1 <sup>3</sup> / <sub>8</sub> " | 24" | Diamond Tread  |
| DV     | 12" | 11"                              | 2"                              | 1"                              | 24" | Single Diamond |
| QW     | 11" | 10"                              | 2 <sup>3</sup> / <sub>4</sub> " | 1 <sup>3</sup> / <sub>8</sub> " | 24" | Plain          |
| DX     | 10" | 9"                               | 2"                              | 1"                              | 24" | Single Diamond |
| AY     | 8"  | 7"                               | 2"                              | 1"                              | 24" | Plain          |
| DY     | 8"  | 7"                               | 2"                              | 1"                              | 24" | Single Diamond |
| DZ     | 6"  | 5 <sup>1</sup> / <sub>2</sub> "  | 2"                              | 1 <sup>3</sup> / <sub>8</sub> " | 16" | Single Diamond |

Note: E\* is the length of the stone along the pool wall.

NOTE: Please allow significant time in your schedule for stones other than standard white. Please call for details.

NOTE: Colors shown are represented as close as possible. During the actual casting process, variations can be expected due to differences in cements, sands and aggregates.

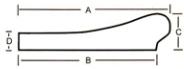

# Available Options

## Colors

Generally speaking the Pre-cast products are "snow white". However, pigments and dyes are used to generate different colors which customers may need or desire.

## Textures

Several different types of surfaces are available. Generally the Pre-cast product takes on the surface in which it is poured. Our products are usually smooth or with a row of diamonds. When a customer requires a texture, several methods may be necessary or desired.

A- Safety Edge to Heel  
B- Bond Beam  
C- Base to top of Safety Edge  
D- Base to top of Heel  
E- Length at Pool Face
